Dear Community Partner,

As a result of the ever increasing educational needs and uncertainty of public school funding in New Jersey, a group of private citizens started The Education Foundation of South Brunswick Township, Inc. The Foundation is an autonomous non-profit 501(c) (3) corporation created to serve the South Brunswick School District by enhancing public school education through private funding.

The Foundation looks to foster educational opportunities, creativity, and achievement in the South Brunswick Public Schools by providing funding for grants of student programs, innovative professional development opportunities for staff and student scholarships by generating corporate and private financial support, and encouraging volunteer time.

Since its creation in 2010, the Foundation has committed \$43,300 in scholarships to graduating seniors and over \$120,000 in funding for innovative grant projects for teachers and capital funds to the South Brunswick school district. We look to build upon those funding opportunities this year.

I have enclosed some important information related to our upcoming fundraising event, "A Taste for Education", I hope you will consider sponsoring and attending. If you would like more information about the Foundation and our endeavors, please visit our website at edfoundationsb.org.

As President of the Foundation, I look forward to the opportunity to discuss with you many of the ways in which you can contribute towards our success.

Sincerely,

A handwritten signature in cursive that reads "Martin Abschutz".
