

Some Ways to Create a PDF File

With Google Docs, you can download as a PDF:

In Microsoft Word for Windows, you can export a document as a PDF:

1. Open the document you want to convert into a PDF
2. Go to File > Export > Create PDF/XPS
3. Select PDF as your chosen file type
4. Pick a level of optimization (either "Standard" or "Minimum size")
5. Choose a name and location for the new file
6. Click Publish to create a PDF file
